Both his Legs Broken.

Yesterday afternoon there was a fall of soapstone in a room in the Wheeling creek coal mines, west of Bridgeport. A Frenchman, a miner employed by the company, whose name could not be learned, was caught under the falling mass, and both his legs were broken, in addition to other injuries. He will recover.

Three Electric Cars Disabled.

Yesterday afternoon just before six o'clock two electric cars burned out on Market street south of Fourteenth. They waited for another car to arrive and push them on up town. The third car just arrived when it also burned out, and a bad blockade was occasioned, delaying travel for some time. Finally the disabled cars were pushed around the loop and down to the barn.

Assaulted by Masked Men.

Charles Ketter, the Eighth ward saloon keeper, was arraigned before Squire Arkle last evening, charged with being one of two masked men who called W. H. Smith out of his house the other night and assaulted him, beating him up badly. The evidence showed that Ketter could not have been one of the men, and the case was dismissed at Mr. Smith's costs. There is a mystery behind the assault.

He Believes in Protection.

Dr. A. L. Chapman, of Kansas City, was in the city yesterday on his way to Claysville, Pa., to visit his brother. He is on his way home from a five months' tour of Europe, and like most European travelers, thinks there is no country on the globe equal to the United States. The doctor, although a Missouri Democrat, since his observations in Europe says he is in favor of the high tariff of the United States. "I don't understand how the people of Europe live," says the doctor, "everything you eat is very high, and wages—well, they simply don't get anything for labor over there."

Street Paving Delayed.

A new big crock sewer is being laid in Main street at the south end of the stone bridge. The street car track on the bridge has been paved clear across, and the east side is now about ready for paving to begin. The paved approaches to the wooden bridge are being torn up. There is a good deal of kicking on the length of time the bricks for paving Eoff street from Sixteenth to Seventeenth are allowed to lie unused. They obstruct the sidewalks and are a decided nuisance. There is no more important piece of paving to be done this season, and it should be pushed without delay.

The Goosetown Fire Department.

The old reel formerly in service at the Atlantic engine house has been cleaned, repaired and handsomely repainted by Jim Cahill, and will be sent out to the low part of town east of McCulloch street, known as Goosetown. As Goosetown has not attained the dignity of a paid force, she must for the present remain on the level of Belleaire and Martin's Ferry, and man her reel by volunteers. The reel bears the name "Jefferson No. 1," after Councilman Jefferson, and on it are painted the names of the Council fire committee, Chief Healey and Clerk Fee, with the name of Tim Donavin as mayor of Goosetown.

Dockstader's Minstrels.

As "Ward McAllister," popular Lew Dockstader has scored a tremendous hit. During this specialty he dwells upon the following points, which are said to fairly bubble over with native wit and bright satire: "Society as I found it," "How to eat, drink, sleep, love, dress, marry and divorce," "My experience with the Keely cure," and "How to become a member of the one hundred and fifty." Other bright hits in the new Dockstader programme are "The Cake Walk," which is spoken of as a very funny dandy sketch, and "Rustic Anna," a grand musical burlesque. Both are from the pen of Frank DuMont, who is known as "the Minstrel Shakespeare." The date of Dockstader's minstrels is Saturday, September 3. Seats on sale to-morrow.

Pure and Wholesome Quality.

Commends to public approval the California liquid laxative remedy, Syrup of Figs. It is pleasant to the taste and by acting gently on the kidneys, liver and bowels to cleanse the system effectually, it promotes the health and comfort of all who use it, and with millions it is the best and only remedy.

NO FINANCIAL TROUBLE

Confronts the Terminal Company—A Consolidation Aimed at.

The report has been made and published in some papers that the Martin's Ferry Terminal railroad was heavily mortgaged and about to be sold. Such report is erroneous. R. H. Stearns held a mortgage for about \$335,000, on which he has commenced suit. Such suit is commenced with a view to consolidating the Martin's Ferry Terminal and Wheeling Bridge and Terminal, and thus have the two corporations one, and not because of any financial trouble, as has been published.

A KEELEY INSTITUTE

To be Established in West Virginia—Something About the Cure.

J. E. MacDonald, who is a graduate of the original Keeley institute for the cure of drunkenness and nervous diseases generally, is here in the interest of that cure. He is the owner of the only right to give the real Keeley treatment in West Virginia, and desires to form a stock company to establish a branch of the Keeley institute in this state. He is willing to exhibit himself as an example of the beneficial effects of the treatment, and to those who know him just before he went to Dwight his cure is an eloquent evidence of the merit of the treatment.

Mr. MacDonald thinks of opening his first institute at Point Pleasant, where several prominent people have become interested. After it is fairly established he may also open one in the Eastern Pan Handle somewhere, and another in the middle of the state.

Mr. MacDonald is an enthusiast on the theme of the Keeley cure. He tells of an English baron of a very old titled family, who was at Dwight when he was, and who was cured, and lately purchased the right for a company with large capital to use the cure in England and Wales. An attorney general of a western state, an old schoolmate of Mr. MacDonald's who was once a leading physician in a large city, and many other prominent people were also patients of the institute when he was.

Mr. MacDonald says that less than five in a hundred patients ever return to the drink habit after leaving the institute. One man who had been cured, but fallen again, told him he had to take twenty-five or thirty drinks before he could retain one, "but," he added, "I finally got there."

It requires on an average three weeks to cure a steady drunkard, while for a man who goes on occasional spree it takes four weeks. The steady drunkard, once sobered up, is glad of it, and will not again drink, but the occasional drinker only feels as if he were in one of his sober interludes, and unless specially treated is apt to return to his cups at about the usual interval.

At no time while Mr. MacDonald was at Dwight were there less than 400 patients undergoing treatment. That the cure is permanent he thinks is established by the fact that the institute at Dwight has been in successful operation since 1883, and its first patients are as temperate to-day as recent ones.

Or about September 1 will open a full line of Fancy Millinery, including imported patterns and all the latest fall and winter styles. Thanking friends and patrons for past favors will be pleased to see them at No. 1131 Main street. LAURA V. MAXWELL & Co.

THE HUB—ONE-PRICE CLOTHIERS.

## A GREAT RESPONSIBILITY

RESTS ON US AS LEADING

Boys' and Children's Outfitters!  
AND WE REALIZE IT.

Your confidence is too free placed in our reliability for us to let up on our watchful care, even for an instant. In a few days all juvenile Wheeling will start to school and many are the fruits of our great harvest of dressing they will take along with them. The boys and children were never better dressed than they can be this season. There is a greater variety to select from, and every grade has had its STANDARD raised, NOT THE PRICE. You want tough qualities, but you want them in pattern, gracefully cut and sewed together with the strength of iron.

## WE ARE SUPPLYING JUST THAT SORT.

To the best of our knowledge, we haven't a doubtful wearer in all the thousands of Suits we've got to show. So sure are we of it that we make our guarantee a gratuity with every purchase. If you ever have cause for complaint, the return of your money pays the penalty PROMPTLY.

## WE BEGIN WITH KILTS!

And cater for every size, every shape, every age of boy, until he graduates into our Men's Department. We have searched every fashion mart and brought its best, its CHOICEST NOVELTIES away with us. Almost every feature of our stock is confined to our EXCLUSIVE SHOWING, and we had to stand on our tip-toes to mark the qualities. THE PRICES ARE SO FAR BELOW THEM.

If you will take the trouble to make a few comparisons the light of superiority will shine still stronger on them.

STRONG,  
Liberal, Enterprising!  
Will the Hub  
NEVER LET UP?

If you have a Suit, Trousers or Overcoat to buy you cannot find a better or safer place to get it than right here. Our Clothing has a reputation for reliability and that much sought for custom-like appearance second to no other establishment in the United States. The appropriate and rich trimmings, the slightly and artistic finish and the exquisitely symmetrical shape of the garments we keep are pretty well known in this neck of the woods, and it is right and just that our reputation is so good and patronage so liberal, for is there a house anywhere that from the very start, a little over a year ago, has been more painstaking and enterprising? The intense earnestness which we have shown is of that vigorous sort which has commanded success by deserving it.

Is the cry of our competitors. We're putting more quality to small prices than we ever did before or they ever can. Our great Bessemer Boys' Suit, strictly all wool, double seats and knees, sewed with best linen thread, wear like steel, at \$5.00, has forced them in the background. They are too upish in their charges and too backward in their charges to strike the popular chord with the public.

We have Jersey Suits we are showing this season. An immense line of Children's Jersey Suits at prices that has already long since made this one of our most popular departments.

Thousands of pairs of Knee Pants, made from remnants, at about half the price the same goods can be bought for in the regular way.
